Why do you think we should choose you? (50 words)

My name is Zolt and I think this camp is a very good possibility to earn some money. When I was 9 years old I went to a small farm and in this farm I cleaned the horses, and I rode a horse. I think you should choose me because I love the animals, and I love the camps where I can enjoy looking after horses. This advertisement reads my thoughts. I looked for a job where I can work in a wonderful natural and I get acquainted with other boys and girls. I'll so glad, if I could go to the camp. I hope I can earn enough money to pay my university and after this camp I can go to Hungary with my friends. I hope that I can win trust from you.

Dear Teen Mag,

I was shocked when I saw that my best friend, John, stole a Mars chocolate bar last time we went together to Tesco's. I haven't mentioned it to him so far and sometimes I feel it would be easier to pretend I didn't see anything. Do you think I should talk to him about it?

Jeremy, 16

Write an informal letter of about 120 words to Jeremy advising him what to do. Include the following points:

- Friends should talk about problems
- Possible consequences of shoplifting
- John may need help
